

# THE CLAY CITY TIMES.

\$1.00 a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Publisher.

VOL. XVI.

CLAY CITY, KY., THURSDAY NOVEMBER 30, 1911.

NO. 48

## Taken to the City

A Special from Lexington of November 28 says: About twenty little mountain children from the Highland Orphan Home at Clay City had the time of their lives today when they were brought here on a special car to get a glimpse of the only city they had ever seen and revel in a sight of the Christmas things. The trip was given free of charge by the L. & E. Railroad Company, and Mrs. John P. Dunlap, principal of the school, was at the head of the party. The children ranged from 6 to 12 years old, and most of them had never been out of the mountains before or ridden on a railroad train. Their glowing faces and quaint questions attracted much attention wherever they went. They were given dinner at the Phoenix Hotel by Mr. and Mrs. W. K. Masie, and presented with a large number of toys and other gifts by benevolent persons. Besides Mrs. Dunlap, the children were accompanied by Mesdames Irvin and McGuire, and their teachers, the Misses McLean, Kennedy and and Stamps.

A. J. O'Berry was hanged in Camden county, Georgia, for the murder of a negro woman and her daughter. This is said to be the first instance in that State where a white man has paid the death penalty for killing a negro.

According to the monthly court report no less than 80,000 cattle are sold in Mt. Sterling each year. The Mt. Sterling cattle market is second only to the Louisville market of all others in the State.

Governor Willson after his term of office expires will return to Louisville where he will resume the practice of law.

## Where Kentucky Ranks High.

A little more than one-tenth of the \$322,526,299 collected in internal revenues in the United States during the fiscal year which closed July 1, 1911, was paid in by Kentucky. Only two States, Illinois and New York, exceeded the \$33,295,173.98 levied and paid in Kentucky toward the upkeep of the Government. These facts and many others of interest to Kentucky were made public in the annual report of Commissioner R. E. Cabell, of the Internal Revenue Bureau.

It is reported that a number of Eastern millionaires have formed a syndicate which will buy several great farms near Lexington and will transform them into trotting farms, making Lexington the trotting horse center of the United States.

The Rev. W. P. Fryman, of West Liberty, is in the city visiting his brother, Pastor Louis Fryman, and attending the meetings at the Methodist church.

The sales at the Lexington loose leaf tobacco warehouse last week aggregated 279,010 pounds which brought \$21,136.98, an average of 7 1/2 cents per pound.

Judge E. C. O'Rear and Governor Willson are each added to the list of possibilities for the place succeeding Justice John M. Harlan deceased.

Miss Grace Shimmfessel who is attending college at Lexington, came home to spend Thanksgiving.

Born, Thursday, November 23 to Judge and Mrs. Luther Loving a daughter.

Five divorce suits filed in one day is the record of the Louisville Circuit Court Monday.

## State Fair Wants More Money.

The members of the Kentucky State Fair Board will ask the Legislature for an appropriation of \$225,000 to be used in paying off a debt of \$30,000, providing a permanent agricultural building, at a cost of \$75,000; an addition to the grandstand, at a cost of \$75,000; a fine arts and woman's building, at a cost of \$15,000; a poultry building at a cost of \$30,000; an administration building at a cost of \$15,000; an additional tract of land providing an outlet to the Ohio, \$18,000, and \$7,000 for drainage, sewerage, etc.

Since the establishment of the State Fair \$297,000 has been expended on its maintenance. Of this amount \$40,000 was appropriated by the State.

## Given Life Sentence.

Judge Watkins was given a life sentence in the penitentiary at Stanton yesterday. He was tried and convicted for killing Louis Napper at a school trustee election in Breathitt county more than a year ago. The case was transferred some months ago to this court from Breathitt county.

At Madisonville, Ky., Mr. and Mrs. Lawson Lane are re-married after having been separated for forty years. Mrs. Lane mourned her husband as drowned in the Ohio river and during this time was married to another man who recently died. They have three grown up sons, and it was at the home of their oldest son that they were married Sunday.

We had one to work our trust for 50 cents not long since. We drove to a neighboring city and paid 50 cents for horse feed at noon. It clearly developed that the horse got no feed at all or water either. We don't care so much for being beaten out of the 50 cents, but pity the one that will starve a dumb brute for dishonest gain.

The turkey crop in Kentucky this year surpasses all recent years, according to reports. The dry weather at hatching time was fine for the young turkeys. In addition there was the late, warm fall, allowing the youngsters to mature, which will bring the average weight of young birds higher than for many years.

Farm boys who are not over-run with work should set a lot of traps over the country and market some fur skins. The market is always ready for furs at a good price. This requires no capital and but little time and will handsomely repay the boys for their trouble.

The coal man is all smiles now. It will soon be time for the barons to make some kind of a ruling with their miners so as to make them go on a strike so the mine owners will have an excuse to put coal up and sell the surplus they have mined at a much greater price than they can afford to take.

The lazy man considers all toil slavery.

Our variegated business connections are such that we never

get a work day off, if such were not the case we would most assuredly be with the Mountain Press boys at Hazel Green December 8th. We greatly regret that we cannot be with them.

The sum of \$168,000 has been set aside by the Government to be applied during 1913 for the construction and completion of Lock No. 14 on Kentucky river. This is the last lock provided for in the present project and will give slack water to Beattyville.

In Kentucky there are 472 State banks, about half of them having a capital and surplus of \$20,000. Only about one-fourth of these banks have a capital of fifty thousand dollars or more.

Kentucky leads the Union in the quantity of distilled spirits with 46,133,576 gallons to her credit, followed by Illinois with 40,467,742 gallons and Indiana with 28,588,922 gallons.

FOUND—Small money safe with some change in it. Apply at this office.

Dr. Irvin reports the birth of a son to Mr. and Mrs. Wm. White Nov. 29th.

Born to Mr. and Mrs. E. Stokely, Monday, November 27th, a daughter.

## Lands Posted.

All persons are hereby notified that no hunting will be allowed on enclosed lands belonging to the undersigned.

Mrs. Emma Monniz,  
J. E. Burgher  
Additional names added to this list for 25 cents each

"Settle without water and light owing to flood," is a headline in a recent daily paper. We may understand how a flood will put out a light, but we can't see how it will produce a water famine.

## Vaughn's Mill.

L. C. Lyle and wife are visiting friends and relatives near Winchester this week.

Mr. Geo. W. Bush has almost completed his store house and will be ready to move in a few days.

Mr. Chas. Bush, visited his sister, Mrs. Mary McKinney, near Winchester from Saturday until Monday.

There is some talk of changing the route of the mail carrier on Hardwick's Creek which, if done, will slightly shorten his distance and afford a better road.

Sunday, December 3, will be regular appointment of Bro. Lowery from Winchester at the Christian church. The Sunday school will be held in the morning at 10 o'clock.

Judge J. H. Hardwick was on the creek investigating some of the bad places on the road. It is hoped that immediate action will be taken to fix one or two of the worst places which will soon be almost impassible.

## "Fit for the Fray"

Is what is said of our ready-made clothes for children. They stand the wear and tear of child-life and

Unlike the Children  
Themselves, do not run away when washed. A look through will convince you. Mrs. J. W. Williams,  
Clay City, Ky.

## New Fall Millinery

Just received from the city which combines the newest styles and lowest prices.

## SHOES AT FIRST COST

\$500 worth of Shoes have been marked down to first cost in order to get room for new goods coming in. In this sale will also be included a lot of

## HATS and CAPS.

Here's your opportunity to save some money. First come, first served.

## SHIMFESSEL'S.

## WALDRON & JOHNSON, Waltersville, Ky.

We carry a full line of General Merchandise and are selling the goods to our large trade and they tell us they are

## Saving Money.

You can do the same thing. If you are not already one of our many pleased customers, come round some day and give our place a look through and let us price you some of our goods. They will open your eyes to an opportunity.

## Send Us Your Orders

over telephone, by messenger or otherwise and if you live in Clay City or near our store we will "deliver the goods"

# THE TIMES.

PUBLISHED EVERY THURSDAY.

Subscription rates \$1 a year or three years in advance \$2.

J. E. Burgher, Publisher.

Entered as second-class mail matter.

Thursday, Nov. 23, 1911.

## CLUB RATES.

For the convenience of our subscribers, we have arranged club rates with the following papers at prices below mentioned:

|                        |        |
|------------------------|--------|
| The Times and          |        |
| Courier-Journal        | \$1.00 |
| Cincinnati Enquirer    | 1.10   |
| Louisville Herald      | 90     |
| Home and Farm          | 75     |
| Plant Farmer           | 1.00   |
| American Farmer        | 90     |
| Southern Agriculturist | 75     |

The Western Newspaper Union which supplies local papers with plate matter and ready print sheets, has cut the price of the former in two in an apparent effort to run its competitor, the American Press Association, out of business. We believe publishers are helping to decapitate themselves by lending aid to the scheme. The price no doubt is not now too high, but the cut was not made for the benefit of the publishers we are sure. Our warning to country publishers is, beware.

We are far from being a Republican, but would far rather be a Republican than a Socialist, but of either the old parties, the Socialists are out growing them. It seems natural for most people to enjoy getting hold of some other man's property and wealth. We don't care how much wealth one accumulates, just so they do so honestly and fairly. It is the duty of the government to see that this is done. They have neglected this, hence the Socialists' boom.

Governor Willson has turned down the second application of Henry Youtsey for pardon. He says the murder of Gabriel was the most dastardly crime ever committed in Kentucky, and that he believes that Youtsey fired the shot that killed him. He has no evidence that he killed him, but plenty that Jim Howard did. He pardoned Howard and would have pardoned Youtsey had he not told on the boys. Shame on the Governor.

In Germany the telegraphic rate is 12 cents for 12 words; in this country 25 cents for 10 words. In Germany at night you can despatch a message of 240 words for 12 cents. It would cost more than ten times as much in this country. The difference is, the government in this country is run in the interest of the corporations, while in the kingdom of Germany the people are given some consideration too.

The woods will soon be full of Democratic candidates for Congress in this district, now that Langley has committed political suicide. Langley is the only Republican in the district that ever did allure the voters into voting with the Republicans and it seems they have grown tired of being fooled by him. We will rejoice to see the old Tenth represented again by a worthy and capable Democrat.

O'Rear intimates that he will resign from the Court of Appeal bench. Who expected him to do this?

Gov. Wilson, of New Jersey, may be a good Governor and might make a good Democratic President, but it will be hard to make some Kentuckians believe that way. Since they have had such an experience with our Gov. Willson they will imagine all Gov. Wilsons are somewhat alike. They are not, however, the Kentucky product puts two "W's" in his name, while the Gov. Wilson of New Jersey makes use of but one "W".

It is enough to make one tired to listen to the continued talk by those who have never done anything to make Kentucky what she is, as to what Kentucky is and what Kentucky needs to place her in the front rank of States. Kentucky is already in the front rank; she has always been there, and the knocker who don't like Kentucky should move out.—Carlisle Mercury.

Any day it is no trouble to find fellows willing to edit your paper for you, but the latest is a proposition from the interests to both edit and print your paper for nothing. Generous fellows, but we will continue to do the job a few weeks yet so we can drive our delinquent subscribers as often as we please.

We would far rather have the ammunition that will be shot away today—Thanksgiving—than to have all the game that will be killed. The ammunition would command the cash which we could live on for a year or two while with the game we would not have meat to do longer than a few weeks.

Our roads are growing worse every day and attention is being paid to them. It will soon require more labor to fix one mud hole so a wagon can go through it, than it would now require to ditch a quarter of mile so no mud hole can be made by ordinary use of the road.

Some local papers are full already with announcements for county offices. We think this time entirely too early for the announcement of such candidates as another election, nearly a year off is to be gone through with. Better wait awhile yet.

**Lower Taxes**  
would be a most desirable change, but since that seems to be out of the question just now, the best thing to do is to save tax money by making your purchases at Williams' Two Stores.

## SPOUT SPRING.

Eld. and Mrs. John I. Wills, of Beattyville, visited relatives here last week.

Saturday and Sunday will be regular services at the Baptist church where we hope to see good crowds at each service.

T. S. McKinney and Franklin Morgison have purchased of Geo. S. Ware his stock of goods at this place and will begin invoicing December 1st.

Surveyors for the postal authorities were here last week looking over the star mail route which runs from Clay City to this place and Kimbrell, and taking the distances between the places. There is talk of changing the route so it will also run by the way of Vaughn's Mill.

## The Rev. Irl R. Hicks 1912 Almanac.

Before the great drouth of 1901, the Hicks Almanac gave timely warning. For over two years prior to 1911, the Hicks Almanac again sounded a warning of drouth danger. And so for forty years this same friend of all the people has steadfastly refused the offers of speculators and continued to warn the public of the coming dangers of storm and weather. As they should have done, the people have nobly stood by Professor Hicks, their faithful public servant, who has grown old in their service. Send only one dollar to World and Works Publishing Company, 3401 Franklin Avenue, St. Louis, Missouri, and get his Magazine and Almanac both for one year. The Almanac alone, a fine book of 150 pages, is only 35c by mail. Let every body respond and receive the warnings of our Nation and Deer for the coming year.

## McCall's Magazine and McCall Patterns.

### For Women

Have More Friends than any other magazine or patterns. McCall's is the reliable Fashion Guide monthly in one million one hundred thousand homes. Besides showing all the latest designs of McCall Patterns, each issue is brimful of sparkling short stories and helpful information for women.

Save Money and Keep in Style by subscribing for McCall's Magazine at once. Costs only 50 cents a year, including any one of the celebrated McCall Patterns free.

McCall Patterns lead all others in style, simplicity, economy and number sold. More dealers sell McCall Patterns than any other two makes combined. None higher than 15 cents. Buy from your dealer, or by mail from:

## USE HOPE MILLS FLOUR

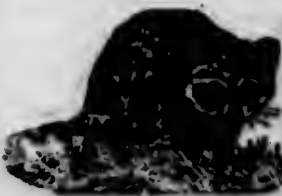

**PRACTICAL EXPERIENCE**  
can teach much about bread making, and one of the things it will impress upon the pupil is that good bread can only be made from good flour, and the better the flour the better the bread. For that reason experienced housekeepers prefer the HOPE MILLS FLOUR, not only because it will make bread that tastes good but bread that is really healthful and nutritious.

Mfg'd by J. ANDREW CAIN, Versailles, Ky.

## The Myers Patent Mop Wringer

This Mop Wringer is the only machine ever invented that will wring and clean a mop thoroughly. It not only takes out the dirt and leaves the mop clean, but it wrings it so dry that there is hardly any moisture left in the mop. The mop is never left streaked, as you are always using a clean mop. The machine is very simple to operate and requires no skill, as anybody can use it. man, woman or child. It is a life saver, as one person will do the work quicker and better than three with any other device known. The mop sets on the platform and is not attached to the machine and can be moved at any time. It is always ready for use and there are no parts to get out of order. A trial of our machine will convince you that its work is perfect. We have yet to find a dissatisfied customer.

If your dealer does not handle this Mop Wringer, write direct to us.  
**MYERS WRINGER CO., Mfg'rs, Newark, N. Y.**

THE TIMES.

AN ALL HOME-MADE PAPER.

LOCAL BREVITIES.

THURSDAY, Nov. 23, 1911.

Mrs. I. N. Puckett, of Winchester, is visiting her sister, Mrs. John W. Hendricks.

Mrs. F. C. Mize spent several days last week with her sister, Mrs. J. C. Fitch at Lexington.

R. L. Shindessell has purchased the Frank Newell farm across the railroad from this city for \$1,000.

Berry Barnett was tried and fined \$300 for shooting Elder N. McIntosh in the court house at Stanton at a former term of Circuit Court.

The Government comparative report on tobacco shows that Kentucky produced 270,125,000 pounds in 1911, against 391,024,000 in 1910.

Business failures in the United States for the week ended November 23 were 293, against 238 for the week before, and 212 in the corresponding week in 1910.

A large number of Kentucky boys, members of corn-growing clubs, who raised fifty or more bushels to the acre will be given diplomas signed by Governor Willson.

Several of the Clay City boys have been attending the "Big Court" at Stanton this week, some as jurors, some as witnesses and others as defendants and litigants.

Wm. Bowen, Jr., a former Sheriff of this county is being tried this week at Stanton on the charge of embezzlement. The jury to try the case has been summoned from Clark county.

John McCormick has sold his farm of 51 acres, advertised by us for sale in the Times, to R. W. Thomas, of Lee county. Mr. McCormick will now sell his personal effects and move to Dayton, Ohio.

Among the states reporting the largest manufacture of both chewing and smoking tobacco, Kentucky with 44,886,784 pounds follows only three other states—North Carolina, Missouri and Ohio, the first named manufacturing 89,430,948 pounds.

There are more army recruits accepted at the Lexington station than any other in the country. This is conclusive of superior health in the Bluegrass state, as Uncle Sam will have no one in his service that is not sound and in good health.

Today is the last day of November. During the month much had and wintry weather has come upon us. We can't remember so had a November in former years. There has not been a day but what it would do to kill hogs. If too, warm at the time a cold spell has come in ample time to save meat.

Starts Much Trouble.

If all people knew that neglect of constipation would result in severe indigestion, yellow jaundice or virulent liver trouble they would soon take Dr. King's New Life Pills, and end it. It is the only safe way. Best for biliousness, headache, dyspepsia, chills and debility. 25c at Swann-Day Lumber Co.'s store.

Sheriff T. C. Hall has been in Clark county this week summoning a jury to try the Wm. Bowen, Jr. case.

A Father's Vengeance

would have fallen on any one who attacked the son of Peter Bondy, of South Rockwood, Mich., but he was powerless before attacks of kidney trouble. "Doctors could not help him," he wrote, "so at last we gave him Electric Bitters and he improved wonderfully from taking six bottles. His last kidney medicine I ever saw." Backache, tired feeling, Nervousness, loss of appetite, warn of kidney trouble that may end in dropsy, diabetes or Bright's disease. Beware: Take Electric Bitters and be safe. Every bottle guaranteed. 50c at Swann-Day Lumber Co.'s store.

Owing to the unfavorable weather the attendance at the public schools of the county is very small. It seems that little good is derived from the sixth month of the school term as it is generally so bad that but very few pupils and the teachers only can attend.

Saved Many From Death.

W. L. Mock, of Mock, Ark., believes he has saved many lives in his 25 years of experience in the drug business. "What I always like to do," he writes, "is to recommend Dr. King's New Discovery for weak, sore lungs, hard colds, hoarseness, obstinate coughs, la grippe, croup, asthma or other bronchial affection, for I feel sure that a number of my neighbors are alive and well today because they took my advice to use it. I honestly believe it's the best throat and lung medicine that's made." Easy to prove he's right. Get a trial bottle free, or regular 50c or \$1 bottle. Guaranteed at Swann-Day Lumber Co.'s store.

If you want to see your dollars magnify and increase as you spend them, why, spend them here. We'll give you the most for them; we are sure of this—you need only try it once and you'll be sure, too. Williams' Cash Grocery, Clay City, Ky.

**FOR KIDNEY, LIVER AND STOMACH TROUBLE**  
It is the best medicine ever sold over a druggist's counter.

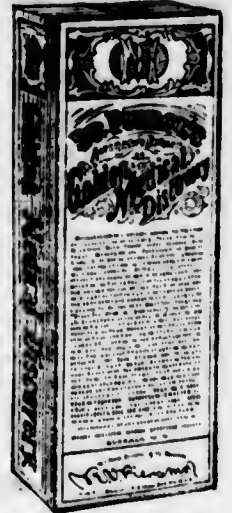

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate Stomach, Liver and Bowels.

**Fall and Winter Goods.**  
**HARDWICK AND CO.**  
Our Fall and Winter Goods are now in. Before making your purchases, call and see them and get our prices on anything you may need. We claim that we will save you money by selling you goods that will give you more service for the money than elsewhere. If you do not already know it, give us a chance to prove this claim, for if we can do this it's to your interest to know it. We can't mention every thing here that we handle, as we try at all times to keep as near as possible every thing the people want. But we will call your attention to some lines that we are especially anxious for you to get acquainted with. Men's and Boys' Clothing—we have them in the new, also in the plain, staple styles and feel sure can suit every one, and know we can save you money. Men's and Boys' Hats we have them in the new things in both rough and smooth effects and also in the plain staple styles. "Walk-Over" Shoes for men, "Queen Quality" and "Boston Favorite" Shoes for women in all the popular leathers and lasts in both button and lace. We also defy competition in our lines of heavier shoes for both sexes in all sizes—try them and compare them with those sold elsewhere. See our lines of rain coats, hunting and work coats, corduroy and other serviceable pants, caps, trunks, suit cases, ladies' and gents' furnishing goods. In fact, see us for every thing, as it will pay you, for we want your trade, and to get it we must make it to your interest—this we will do.  
**Hardwick & Co., Stanton.**

## NOTES From MEADOWBROOK FARM

By William Pitt

A rousy hen is always a poor layer.  
Make the by-products of the dairy count.

Corn will make hens fat but it will not make them lay eggs.

The better bred the horse is, the more generally useful he is.

For fall feeding of dairy cattle sweet corn is exceedingly valuable.

The separator needs to be set perfectly level on a solid foundation.

The feed bill of the poultry yard can be cut in two if you know how.

Continued care in banding the dairy products is the price of success.

The value of silage as the cheapest and best succulent for cattle and hogs is fully established.

Regularity in feeding and milking will go a long way towards making dairy work successful.

All milk utensils should be heavily tinned and as free from seams as it is possible to get them.

Many of the irregularities in the health of the farm stock can be traced to injudicious feeding.

Wooden pails readily absorb milk particles, making it almost impossible to keep them sweet and clean.

The hatching-egg trade and the raising of stick for breeders have assumed the dignity of specialties.

It is to the poultryman's interest to keep his stock up to the best type, healthy and vigorous all the time.

A cold rain, fall or spring rain, will check the milk flow as much as a snow storm if the cows are exposed.

It will be noticed that though the prices of other farm stock are falling off, the dairy cow still holds her own.

In hot weather lice breed in pigeon houses by the million and extra care must be taken to keep down the vermin.

Rats in a pigeon house not only destroy the young but their presence frightens the birds so that they will not thrive.

If one has a large flock of sheep much time will be saved and better results obtained by the use of the machine clippers.

Sheep are extremely nervous and when being fattened for market they must be quiet and free from sudden alarm which will cause excitement.

Pigeons hatched in March are matured and ready for breeding in July and if the surroundings are congenial will continue to breed every month thereafter.

A young girl who raises about 100 White Plymouth Rocks, always brings every bird in the flock flying to her net by a single particular cry.

It is as impossible to estimate the productiveness and value of a cow as it is to guess the exact number of bushels of corn a certain field will yield.

While sheep will eat grain and any kind of grass and some kinds of weeds, they are, after all, dairy feeders and their feed must be absolutely clean.

There are several signs that indicate good health: a bright red comb, activity, readiness for food, and a glossy and smooth appearance of the feathers.

French peas and vetches feed milch cows better than any other feed. They are also very good for hogs and are very cheap.

The Massachusetts experiment station says that lime is an aid to good farming but cannot take the place of fertilizers, stable manure, thorough cultivation and proper crop rotation.

A small flock of sheep in addition to furnishing excellent profit and keeping down weeds, furnishes the most practical meat supply for the farmer, especially during the summer.

Every colt should be taught a fast walking gait. This can be done by gently pushing him while walking but he should never be urged too long at a time before changing his gait.

If we feed and care for sheep we are fattening as they should be cared for to make the most profit from this mutton, we also supply the very best conditions to produce the best wool in the combing class.

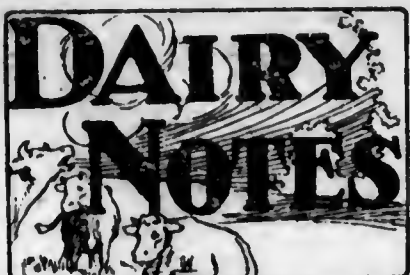

To the up-to-date and progressive dairyman and to the most advanced cattle feeders, the use of the silo and the feeding of ensilage is recognized as being necessary to the greatest success in their respective lines of business.

The farmer ought to be able to produce eggs at a feed cost of about eight cents a dozen. To do this he must keep the hens which will make the best showing. Instead of a lot of mongrels of no breeding and without laying capacity.

The time of milk giving is largely influenced by the period of gestation, as usually the cows will be ready to dry up from six to four weeks before calving, no matter how long she has been giving milk.

The scales and a Babcock tester, when rightly used, will accurately determine whether any of your cows are "graffers" just as surely as a pair of farm scales will show the exact yield of corn.

The old hen, the carelessly inbred hen, the mongrel without a well-bred ancestry, keep the egg-production of this country down to seventy-five eggs average per year. A little more care in feeding and breeding would double this and double the revenue from the poultry yards of this country.

Breed for fertility in your cows. Your heifers are your future cows. A dairy cow is not constructed to stand exposure. Sugar beet pulp is a very good feed for milch cows.

The dairy cow should essentially be a large and rich milker.

The first and greatest law of breeding is "like begets like."

Comfortable shelter goes a long way towards making dairymen pay.

Never offer a poor pound of butter for sale; rather, feed it to the pigs.

The Guernseys have always been noted for possessing a strong body.

The best time to feed rutabagas to dairy cows is immediately after milking.

The kicking cow is probably the most aggravating member of a herd.

Study and work to have your cows do their best, then do your part with the milk.

When a cow has been dry for some time be gentle with her when she freshens again.

The greatest aid in the prevention of scouring and care of all dairy products is temperature.

The strong cow is one that will raise a calf every year and produce a large quantity of milk.

Keeping the cows comfortable in a selected point in the management of the herd during the fall months.

The milk pail should be the main consideration, but not the sole one in judging the value of the dairy cow.

The strong cow can eat and digest large quantities of food, and this is essential for the production of big milk yields.

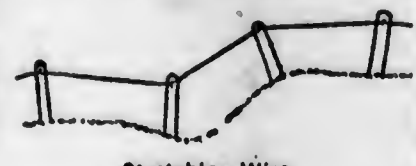

Separator milk is a good pig feed but not a perfect pig feed by any means, and unless cornmeal and midlings or ground oats is fed in thick slop, pigs are liable to drink so much milk that fermentation takes place in their stomachs instead of normal digestion taking place, with the result that they bloat up and die. Don't put medicated salt in the drink of a pig.

It may do to mix some in his meal but the best way is to mix the salt with water and pour charcoal and let the pig eat it all.

## PLAN FOR STRETCHING WIRE

Method Shown in Illustration Will Enable One Man to Do as Much Work as Two.

The following method of stretching wire over rough ground is a good one. Get some big nails and drive them into the posts as illustrated, on top

Stretching Wire.

of knolls, slanting the nails downward, and the wire over them. In the low places drive them into the post upward, and hook the wire under them. Then stretch the wire as tight as desired. One man can stretch nearly as much wire this way as two can without the use of the nails.

## TO PROTECT AGAINST MICE

Paper Cylinder as Shown in Illustration Will Prove Effective—Should Be Removed in Spring.

Various methods are adopted to protect young trees from being marked by rabbits or mice. Wire screens are expensive, but are also most effective. Wood veneer fastened around is a good protection if it can

Protection Against Mice.

be readily procured. The illustration shows a paper cylinder held tight by a cord. It should be removed in spring.

See that all young trees are wrapped or otherwise secure from rabbits so they cannot bark them during the winter.

## FOR SALE A Splendid Farm.

A farm of 210 acres, well improved, 3 1/2 miles from Clay City on public road, convenient to churches, school and postoffice. Good dwelling of 8 rooms and 2 porches. Nice young orchard and excellent spring in the yard. Good barn and other necessary outbuildings. Tenant house on place. About all in blue grass. Some tillable land and timber on the place, and all under fair cultivation. There are in all 8 never failing springs in different parts of the place. This is a good place to make money where properly handled. One hundred acres of this land will grow good tobacco. This land is susceptible to division and will make two good farms. This is a bargain for some one. Come quick as this place must be sold at once. Call at the Times office.

## Go Right Ahead.

Our small paper sale is one of the big events of the season. We are showing the beautiful things which after the year commences at a great price and now only costs a trifle more.

The reason is the Fall Stock. The best of the season is now in. We'd like to sell more paper to you than any time this year. J. W. Williams, Clay City, Ky.

Shingles for Sale.  
Bark oak and pine at \$2.50 and \$2.75 per thousand at mill.  
Davis & Burgher,  
Vaughn's Mill, Ky.

## PATENTS

PATENT LAWYERS,  
303 Seventh St., Washington, D. C.

## Very Serious

It is a very serious matter to ask for one medicine and have the wrong one given you. For this reason we urge you in buying to be careful to get the genuine—

## THE FORD'S BLACK-DRAUGHT Liver Medicine

The reputation of this old, reliable medicine, for constipation, indigestion and liver trouble, is firmly established. It does not imitate other medicines. It is better than others, or it would not be the favorite liver powder, with a larger sale than all others combined.  
SOLD IN TOWN

## Blood Was Wrong

All women, who suffer from the aches and pains, due to female ailments, are urged to try Cardui, the reliable, scientific, tonic remedy, for women. Cardui acts promptly, yet gently, and without bad effects, on the womanly system, relieving pain, building up strength, regulating the system, and toning up the nerves. During the past half century, thousands of ladies have written to tell of the quick curative results they obtained, from the use of this well-known medicine.

## TAKE CARDUI The Woman's Tonic

Mrs. Jane Caliehan suffered from womanly trouble for nearly ten years. In a letter from Whiteville, N. C., she says: "I was not able to do my own housework. My stomach was weak, and my blood was wrong. I had back-ache, and was very weak. I tried several doctors, but they did me no good. I used Cardui for 3 or 4 months, and now I am in the best health I have ever been. I can never praise Cardui enough." It is the best tonic, for women.

Whether seriously sick, or simply weak, try Cardui.

O. & K. JUNCTION: Trains Nos. 2, 3 and 4 will make connection with Ohio & Kentucky Railway for Canal City, Ky. and O. & K. stations.

CHAS. SCOTT, Gen'l Passenger Agent.

## Not Simply a Car—but Car Service

Now is the time of year when you are beginning to think of the car you intend buying. Remember, when you buy, that the absolute limit of dollar for dollar return is reached in cars selling under \$1,000. When you pay more, your returns are not in proportion to your investment. When you buy, buy not simply a car—but car service. Buy correct design, accurate construction and good materials. Buy sound motor car value.

MARATHON models include Torpedo Touring Car, Four Door Touring Car, Standard Touring Car and Roadster, and Torpedo Roadster. Prices from \$1,400 to \$1,700.

SOUTHERN MOTOR WORKS, Nashville, Tenn.
